Education

National Institute of Technology (NIT), Silchar <i>Bachelor of Technology in Computer Science and Engineering; CGPA: 8.17</i>	Assam, India <i>July 2023 – June 2027</i>
Nirmala Convent High School <i>Class XII (CBSE); Percentage: 92.2%</i>	Uttar Pradesh, India <i>July 2021 – June 2022</i>
Nirmala Convent High School <i>Class X (CBSE); Percentage: 89.4%</i>	Uttar Pradesh, India <i>July 2019 – June 2020</i>

Technical Skills

Languages: C/C++, Java, Python, JavaScript, HTML, CSS, SQL
Web Technologies: Node.js, Express.js, MongoDB, RESTful APIs, EJS
Developer Tools: Git, GitHub, VS Code, Postman, Linux
CS Fundamentals: Data Structures & Algorithms (DSA), Object-Oriented Programming (OOP), Database Management Systems (DBMS), Operating Systems (OS)

Projects

- Music Hub** [\[Live Demo\]](#) [\[GitHub\]](#) | June 2026
Node.js, Express.js, MongoDB, REST APIs
- Architected a high-performance, ad-free music streaming platform utilizing a hybrid API engine; integrated Spotify's API for rich metadata and JioSaavn's API for secure audio delivery.
 - Engineered a secure Artist Portal allowing independent creators to upload local '.mp3' files via Multer, storing and managing custom audio alongside mainstream global tracks.
 - Implemented robust production security middleware, including Helmet for HTTP headers, Express Rate Limit to prevent brute-force attacks, and 'connect-mongo' for persistent session management.
- Pac-Man Inspired Game** [\[Live Demo\]](#) [\[GitHub\]](#) | April 2025
JavaScript, HTML, CSS, DOM Manipulation
- Developed a browser-based arcade game featuring classic gameplay mechanics, custom grid rendering, and an interactive UI through extensive JavaScript DOM manipulation.
 - Engineered three dynamic difficulty levels that algorithmically scale enemy speed and spawn counts.
 - Integrated real-time state management for score tracking, timers, and pause/resume functionality.

Competitive Programming & Achievements

- Codeforces (Competitive Programming):** Achieved the official rank of **Pupil** in Codeforces through consistent participation and rapid algorithmic problem-solving in timed, rated contests.
- Problem-Solving Experience:** Solved **800+** **Data Structures and Algorithms problems** across platforms including LeetCode, Codeforces, GeeksforGeeks and many more, strengthening algorithmic thinking and coding proficiency.
- Certifications:** Completed **"Decode C++ with DSA"** by PW Skills (NSDC Certified), mastering advanced data structures and optimizing algorithmic time complexities.

Leadership & Experience

- Gyan Sagar (Social Service Club), NIT Silchar** Silchar, India
Event Head (Position of Responsibility) *August 2023 – Present*
- Spearheaded a dedicated team of volunteers to strategize, plan, and execute large-scale educational and social welfare initiatives across rural areas.
 - Led the **NIT-CIT Module**, taking full responsibility for curriculum design and teaching essential computer literacy (MS Office, Google tools) to 50+ underprivileged students.
 - Managed operations and logistics for the **Ek Prayas Module**, providing foundational academic support, continuous mentorship, and career guidance to students below Class 10.
